TECNOVE

BUSINESS GROUP

“WORKING TOGETHER FOR YOU”

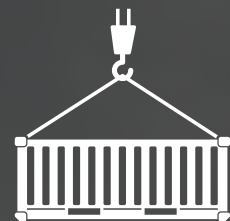

Tecnove Business Group is a holding company made up of 10 companies which work together on a daily basis to maintain the leadership in each of the sectors in which they are present.

The knowledge and experience of 35 years of career, as well as the contribution of each every one of the companies, allow us to optimise results, provide integrated solutions, and offer the best products and customised services anywhere in the world.

VEHICLES

We design, manufacture and maintain all types of bodywork and special vehicles, incorporating the latest technology and customisation of our units.

CONTAINERS

We design and manufacture containers and shelters for all types of activities and uses, both civil and military.

COPORATE IMAGE

We create and implement the image, the furniture and the digital media for any company.

CSC

We design, build and manage modular buildings and modular facilities ensuring maximum efficiency anywhere in the world.

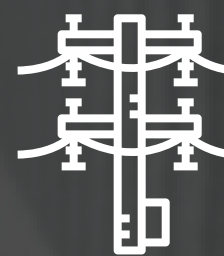

TELECOM

Services applied to telecommunications: Fixed and mobile networks, Outsourcing-logistic engineering, Infrastructure and Civil Works

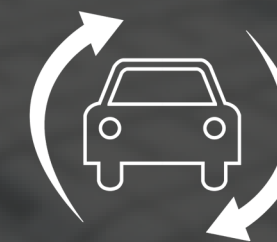

AGRIBUSINESS

We commercialize phytosanitary products, industrial cleaning, advice and management of wine-growing, other crops and forestry planning and management.

ELECTRICAL SOLUTIONS

We carry out the management and maintenance of photovoltaic and thermosolar plants as well as the processing and management of electrical installations in general.

REMARKETING

Reconditioning of fleets of used cars for the commercialisation in the second-hand market through online channels.

“WHERE YOU NEED US”

TECNOVE

Tecnove has a corporate history and accumulated experience of 35 years, having the necessary capacity to offer a quality service wherever the client requires it.

Tecnove's business areas are focused on:

- The manufacture, repair and maintenance of all types of vehicles and special containers.
- Catering, services and construction of modular buildings and temporary of fixed facilities.
- Forestry management and advice for public or private institutions.

Tecnove has its headquarters in Herencia (Ciudad Real). It also has a commercial office in Madrid and international delegations strategically located to meet the need of our customers.

"WORLD ON WHEELS"

SPECIAL VEHICLES

We are specialists in the manufacture and conditioning of special vehicles transforming the customer's ideas into a tangible reality no matter how complex it may seem.

Each project is developed in a personalized way in close collaboration with the client, with a fluid communication, taking care of all the details and with a demanding planning so that the result far exceeds their expectations.

We manufacture on any type of vehicle including semi-trailers, cab chassis, vans and passenger cars, adapting the units to the requested use and destination.

Tecnove works with a wide network of manufacturers and collaborators worldwide to ensure a maintenance service to the height of the most demanding customers.

"A SPACE WHERE EVERYTHING HAS A PLACE"

CONTAINERS

Tecnove has a long history in the construction, adaptation and refurbishment of containers configurable 100% by the customer.

Intended for different uses, we highlight medicalized containers, refrigerators, mobile workshops and special uses.

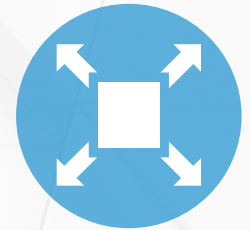

Based on the international ISO 10, 20 and 40 standards, we are able to adapt to any need and requirement by also manufacturing laterally expandable containers, modular compartmentalized containers and any other customized solution.

Containers are designed for multimodal transport and can be transported by land, sea and air. Once installed at the duty station, they will be able to carry out the mission for which they have been designed and equipped without any difficulty.

“WE CREATE A HOME WHERE YOU NEED IT”

CSC

CATERING • SERVICES • CONSTRUCTION

TECNOVE CSC designs and builds modular buildings and installations in accordance with the following basic principles: energy efficiency, material optimization, water saving, spatial quality and durability.

We offer our clients a comprehensive solution, from the construction of the facilities to the services of accommodation, catering, maintenance of facilities, healthcare, laundry, cleaning, gardening, wellness and leisure.

TECNOVE CSC builds a home where its customers need it.

TECNOVE CSC provides catering services for communities, companies and public and private centers, offering a service of the highest quality advised by experts in dietetics.

Among its various projects, the construction of the Juan Carlos I Base in Antarctica stands out for its great technical, geographical and climatic complexity, gas pipeline construction camps in the Andean area of Peru at more than 4,000 meters altitude above sea level and camps for the Riyadh Metro and the Haramain Medina-Mecca High-Speed Train in Saudi Arabia.

“TAKING CARE OF OUR NATURAL SPACES ”

FOREST MANAGEMENT

Tecnove Forestal was born with the idea of offering sustainable management that includes forest planning and management services, technical projects and biomass development plans.

Using the latest technologies in the field, Tecnove Forestal has carried out the forest management of more than 300,000 hectares through forest signs and stands, landslides and grinding, Survey of milestones and plans for hunting management among others.

Tecnove carries out studies prior to its actions with the aim of evaluating the impact of these on the natural environment so that the final result can be expected in the long term.

Tecnove forestal is committed to training as a fundamental basis for both public and private institutions to offer sustainable management of their natural spaces.

The background of the slide features a blue-tinted photograph. It shows the silhouettes of two individuals from behind, looking into a brightly lit laboratory or industrial facility. The person on the left is wearing a dark jacket, while the person on the right is wearing a white hard hat and a dark jacket. The background is filled with various pieces of equipment, including what looks like a large machine with a red vertical bar and some shelving units. The lighting is bright, creating a high-contrast scene where the subjects are dark against the lighter background.

TECNOVE'S TEAM

From the beginning of our journey, we have a large talented human team of professionals fully trained and equipped with the most advanced technical means to study in depth the design and the most suitable solution for each client, always committed to research, development and innovation.

Thanks to its team and its experience, Tecnove continues to be a motivating project with a high degree of involvement that grants a high level of excellence in its projects.
